67th Anniversary . . . 1872-1939

PERSONAL SERVICE

If you want Roses, Shrubs, Evergreens, Fruit Trees, Greenhouse Plants, Rock Plants, Perennials, Bulbs, Seeds that may not be in our catalogue, please keep in mind that we can, in all probability, furnish them. Our personal service department is so situated with connections among growers throughout the country, of practically all floricultural and horticultural items, that generally it is possible to secure for our customers almost any item ordered or grown even though our own stock on hand does not include it. The great variety of plants, etc., we carry permits us to include in this catalogue only the most popular varieties of the families they represent, so there are many items other than those shown that are available. Therefore, if you do not find in this catalogue the item you want, write us, marking your communication for Mabel Martin McGregor, Personal Service Department, The McGregor Bros. Company, Springfield, Ohio. Inquiries will be welcomed.

Surprise Plant Collection \$1.00

As a result of our propagations that must tax the capacity of our greenhouses, we generally have, at the end of the season, a surplus of all kinds of plants. Therefore, we will sell for \$1.00 an assorted collection of 20 Miscellaneous Flowering and Bedding plants, the selection to be left with us, and guaranteed to be one of the biggest values in plants ever offered. Order any time; delivery after May 15th.

The Glory of Your Garden

It is a common saying that the love of flowers is universal. Considering that the tendency of the age is to subdivide occupations and interests, it is not surprising that many of us find much leisure time given to the study and cultivation of flowers. The stress of every day life finds much relaxation in the flower garden, which affords varied interest, exercise and profitable pleasure the year round. And we find there much encouragement in the work of one's own hands. Not only does personal work make one's garden seem better and more attractive, but out of it develops a keen interest in comparison and competition. It is a happy thought for all that out of the smallest plot of ground one can raise the finest flowers that can be grown, and a happy thought for us, that we can present to all flower lovers in this and other lands the opportunity to provide for their gardens all kinds of plants at a minimum of expense. That is why we take pride in the presentation of our new Year Book. Through its yearly distribution we have established a clientele of which any concern may well be proud. We take this opportunity of expressing our appreciation of this success which many thousands of customers have brought about through their repeated purchases. Our book comes to you now offering at manufacturers' and growers' prices the stock of the largest plant producing establishment of its kind in the United States, offering something for every garden—everything for some gardens. We believe, therefore, that this catalogue, which we hope you will find pleasing and helpful, is entitled to your fullest consideration.

The McGregor Bros. Company.

Something for Every Garden Everything for Some Gardens

A Greenhouse At Your Door

We illustrate and describe in this catalog a variety of House, Garden and Greenhouse plants that present as a whole a most unusual and rare collection—many things are not offered elsewhere. Many of the present day house and garden plants were favorites with our grand-parents. Practically all are easy to grow, without special requirements as to soil or care and will do well under ordinary treatment although responding generously to increased care and cultivation. These plants do equally well in the garden, their flowers, color, and foliage providing an added garden interest. We ask you to read and consult our catalog carefully for the wide variety of plants it offers. It represents a complete greenhouse at your door.

An interesting and exceedingly beautiful novelty from California's Redwood Forest. Burls are dormant. Sends out feathery light green shoots resembling ferns. Growth will start when placed in a shallow bowl of water. Never let burl dry out and do not put directly in hot sun. 84c, 3 for \$2.44.

Blue Lily of the Nile, 32c (See description above)

California Redwood Burl, 84c

Copper Plant 20c each

(*Acalypha Tricolor*)—A beautiful plant with large and highly colored leaves, bright red marked with blotches of crimson-bronze. Produces flowers like the flower spikes of *Acalypha Sanderii*. This *Acalypha* is really a bedding plant, as highly and richly colored as crotons. 20c ea., 3 for 52c, doz. for \$1.80.

Copper Plant, 20c

Foundation Border Plant Variegated

(*Aegopodium*)—Largely used around foundations of house and buildings. Foliage strongly variegated with cream and yellow. Spreads rapidly. 22c ea., 3 for 59c, doz. for \$1.94.

Variegated Border Plant

The Unusual Bird's Nest Fern.

75c

Bird's Nest Fern

ASPLENIUM NIDUS AVIS
—A very beautiful and vigorous growing Fern of splendid display value having showy broad light green leaves. A plant commendable for its matchless habit of growth, ideal outline and texture of foliage. A variety particularly adaptable for that bold decoration that is wanted, through certain plants indoors. All in all an unusual house Fern. 75c ea., larger plants \$1.50 ea. by express.

Cocos Palm Weddelliana 75c

The most elegant and graceful of all the smaller Palms. Its slender, erect stem is freely furnished with graceful arching leaves of a rich green color. The Cocos are admirable for Fern dishes, as they are of slow growth and maintain their beauty for a long time. 75c ea., 3 for \$2.17.

75c

Cocos Palm Weddelliana

Pandanus Veitchii

One of the most attractive plants. Leaves light green, beautifully marked with broad stripes and bands of pure white, and gracefully curved. Like the Palms, the longer you have the plant the more valuable it becomes. Price, strong plants, 75c and \$1.50 each.

Beautiful Decorative Plant—Pandanus Veitchii.

Bird of Paradise \$1.25

(*Strelitzia Reginae*)—The lovely Bird of Paradise is admired by all who see it. The striking flowers are composed of three sets of bright orange petals, and three bright blue stigmas, forming a crest. The whole flower resembling the head of a bird of paradise. A rare and striking flower. Will last in water for many days when cut. (See color plate.) Nice plants, \$1.25, \$2.00 and \$3.50 each.

Chrys: Orange Splendor 29c

A wonderful midseason variety producing immense globular flowers of a smooth satin-like finish of shining gold in color. Rich abundant foliage. Splendid form and growth; strong stiff stems. (See color plate.) 29c ea., 3 for 76c, doz., \$2.54.

New Hydrangea, Peerless Blue

A new variety in Hydrangeas, strong vigorous grower producing large green leaves, and immense flowers of a beautiful shade of heavenly or peerless blue. (See color plate.) 40c ea., 3 for \$1.05, larger 85c.

Red Russian Lily.

Red Russian Lily

Striking red flowers on 3 ft. stems and lots of them, blooming in clusters during May and June. Hardy and easy to grow, requires very little care or attention and lasts from year to year. Very beautiful. 34c ea., 3 for 91c, doz., \$3.05.

34c
Each

Aucuba Japonica

McGregor's Monthly Blooming Cut Flower Roses

Sensational Rose, Autumn Queen, 28c

On this page and pages 19 and 20, we have listed some of the best monthly blooming own root roses that can be produced, and which fit best into the varying conditions in all the states in the Union. They make rose growing easy; they eliminate the troubles that come to some of the less experienced rose growers. Many amateurs have planted out roses from the best of budded stock and in a couple of years have only brier growth for their efforts. Therefore, for the less experienced, we recommend the own rooted stock. For the more experienced rose growers and for those willing to make a little greater investment, the heavier budded roses are recommended. (By budded roses, you will understand we mean, those roses, the tops of which have been budded on a more vigorous root system than the particular variety carries.)

Autumn Queen 28c

ORANGE—(Monthly blooming.) Flowers shaded with burnt orange, pink, salmon and gold; 1 yr. 28c, 3 for 74c, 2 yr. 55c ea.

World Famous Dahlias

The modern Dahlia is a wonderful favorite increasing in popularity as new types and varieties have been brought out. Decorative Dahlias produce immense flowers with large and broad petals. Peony-flowered Dahlias are similar to the Decorative and in some varieties the petals twist and curl. Cactus Dahlias have flowers with petals quilled or twisted. The Show Dahlias are the globular Dahlias of regular form, large in size and of brilliant coloring. They are strong growers and profuse bloomers. The varieties which we are offering stand out prominently as most desirable for garden or cut flowers.
